MEETING TO-NIGHT.

Judge Howe, of Green Bay, and Judge Doolittle, of Racine, both strong men and eloquent speakers, will address the FREMONT Club of our city, at the Rocky Mountain Camp, Fourth ward, *this* evening, at half past 7 o'clock. Let the friends of Freedom turn out in their strength and give a hearty greeting to these champions of the cause. The day of battle draws nigh, and the work of preparation is not half complete. Let us improve the time yet left that no vote be lost to FREEDOM and FREMONT!

THREE WEEKS TO ELECTION!!

THREE WEEKS FROM TO-DAY, the great contest between FREEDOM and SLAVERY is to be decided at the ballot-box.

THREE WEEKS FROM TO-DAY, the question whether Kansas shall be FREE or CURSED with SLAVERY, will be decided.

THREE WEEKS FROM TO-DAY, the People of these United States, meeting in their tens of thousands of election districts, will, with the "weapon stronger than the sword," decide whether SLAVERY SHALL BE EXTENDED INTO TERRITORY NOW FREE.

THREE WEEKS FROM TO-DAY, the decision is to be made, in the face of the world, whether the people of this country, in the latter half of the 19th century, are ready to say that Slavery is an institution to be cherished and extended, and Free Institutions a failure.

THREE WEEKS FROM TO-DAY, the free white Laborers of the North, (and those of the South, too, if their Slave-owning neighbors will let them), are to say whether Kansas, many times concentrated to their use—and its lands as any upon which the sun shines—shall be cursed with an institution which degrades Free Labor, and lands it over to the Southern Oligarchy.

THREE WEEKS FROM TO-DAY, the People are to decide, each man for himself, at the polls, between the party which owns and cherishes and encourages the cowardly bully Brooks, the murderer Herbert, the drunken, fool Atchison and Stringfellow and the Border Ruffians—and the party which opposes and condemns all such men with the institution which makes them.

THREE WEEKS FROM TO-DAY, Congressmen are to be elected, who will be called upon in the 34th Congress to vote on matters of interest to the people of this country, and to all mankind.

THREE WEEKS FROM TO-DAY, a Legislature is to be elected in this State which *must choose a United States Senator*, from the 4th of March next.

PEOPLE OF WISCONSIN! ARE YOU READY FOR THE ISSUE? Let every man who reads this take the question home to himself, and answer it.

Has your County, Town, School District, been thoroughly canvassed? If not, see to it.

Have you organized a Fremont Club as a centre of action? If not, see to it.

Have you held meetings in your school districts, to set before doubtful voters the TRUE ISSUE of the campaign? If not, see to it.

Have you made arrangements for getting out every voter to the polls? If not, see to it.

Have your Vigilance and Challenging Committees been appointed—men who are well acquainted with the voters of their district, so that the poll may be a fair one?

In short, ARE YOU READY for the important contest? If any single item of preparation is wanting, see to it at once.

As soon as the nominations for the various offices are made, let the ballots be got ready, and plenty of them. And, in order that the result of greatest interest may be first known, we suggest that the names of the candidates be printed on the ballots in the following order:

1st—*Electors*.
2d—Congressmen.
3d—State Senators.
4th—Assemblymen.
5th—County Officers.

Remember that *all* of the candidates are to be voted for ON ONE BALLOT.

Let the result on Electors be furnished at the first moment possible, to the nearest telegraph station. We shall take it as a great favor if some one of our subscribers will forward us the complete figures for his town the moment that he can obtain them.

THREE WEEKS is a short time now to prepare, where preparation is yet to be made—and not a moment is to be lost. Wisconsin, the Empire State of the North-West—the child of the Jeffersonian Anti-Slavery Ordinance of 1787, will SPEAK HER MIND in November, with no uncertain sound. It must be a VOICE OF THUNDER, carrying terror to all Doughfaces and Border Ruffians and their apologists!

An Eventful Day.

The three States of INDIANA, OHIO and PENNSYLVANIA, hold their elections *to-day*, for State officers, members of the Legislature, and members of Congress. The result is looked to with intense interest by all parties, as likely to have no little influence upon the issue of the Presidential election, now but *three weeks* off. We shall doubtless hear from portions of all three States in season for to-morrow's paper, and hope to be able to announce in Thursday's *Sentinel* that the cause of Right, Freedom and Humanity has triumphed in the fight.

Mr. Banks' Appointments.

Hon. N. P. BANKS, Speaker of the House of Representatives, will arrive in Chicago this morning.

He will speak at Galena on Wednesday, October 15th.

At Freeport, Thursday, Oct. 17th.

At Mendota, Friday, Oct. 18th, and—

In Chicago, on Saturday evening, in conjunction with Frederick Hecker.

FROM MADISON.

ADJOURNMENT OF THE LEGISLATURE.

Signing of the Land Grant Bill.

IMPORTANT REPORT.

The Legislature adjourns finally at an early hour this morning. The amount of business transacted at this short session has been immense, and of great importance to the State

The bill relative to the land grant for the North Eastern Railroad to Lake Superior has been signed by the Governor, after the passage of a supplementary bill allowing him to appoint two Directors, which will probably make the Board a satisfactory one to our friends in the north, who have been very anxious in relation to the matter.

The Judiciary Committee of the Senate, to whom was entrusted the matter of an enquiry into the alleged frauds in the state canvass last fall, reported yesterday. The telegraph informs us that Bashford's majority was rightfully about SIX THOUSAND! We shall lay the facts before our readers at the earliest day possible.

Republican Nominations.

Three weeks from to-day, the Republicans of Milwaukee County are called upon to take part not only in the election of an Electoral and Congressional ticket, but of members of the Legislature—a Legislature which is to choose a United States Senator for six years from the 4th of March next, in the place of Mr. Dodge.

The Senatorial district comprising the 1st, 2d, 6th and 7th wards of the city, and the towns of Milwaukee and Granville, chooses a Senator in place of Mr. Hadley, whose term expires.

The 1st and 7th wards together—the 2d, the 3d, the 4th, the 5th, the 6th wards, the towns of Milwaukee and Granville, the towns of Wauwatosa and Greenfield, and the towns of Lake, Oak Creek, and Franklin, these nine districts each elect a member of Assembly.

There has always been great neglect heretofore in the district conventions in appointing Committees to call future conventions, and we cannot find from our files that more than one or two districts have such committees. It has been customary hitherto, to hold the usual meetings in this city on the Saturday evenings previous to the election, and the meetings in the town districts on the Saturday afternoon previous. The time is so short for the towns that it is next to impossible to get tickets properly distributed.—We make the following suggestions, desiring to be understood as not wishing to interfere with the course of Committees when such exist. We have no time for consultation with our brethren of the press, but believe that these suggestions will meet with their concurrence. If not, there is still time to amend them. We propose then, that.

For the Senatorial District, meetings be held for the *towns*, at some convenient places, on Wednesday, Oct. 29th, at 3 P. M., and in the city districts at 7½ P. M. the same evening, to choose three delegates each to a Senatorial Convention, to be held on Saturday, Nov. 1st, at 10 A. M.; and also to choose the same number of delegates, if it shall be deemed advisable, to a County Convention, to be held on the same day at 3 P. M.; —though we trust that in our county affairs, politics may have no place.

Where there is more than one town in an Assembly district, that the people meet in their several towns on Saturday, Oct. 25th, and choose *five* delegates each, to meet at a place to be designated on the Wednesday following, Oct. 29th at 1 P. M. to nominate candidates for Assembly, and, if advisable, to select delegates to the County Convention.

The city districts to nominate candidates for Assembly on Saturday evening, Nov. 1st.

If these suggestions seem to meet with the concurrence of the press and people, formal call can be made out in accordance with them. We are only anxious that there should be a concert of action, and that speedily.

HELPING ONE ANOTHER.—The following extract from the N. Y. Correspondence of the Charleston *Courier*, shows how the Buchanites and Know Nothings are hitching teams, and helping each other, in New York, Pennsylvania, and other States. What do our adopted citizens think of the "fusion"?

"I am truly sorry to see Southern speakers abusing and traducing Mr. Fillmore, as some of our Harry Perceys, South of Mason & Dixon's line, scruple not to do. *Mr. Fillmore, at the North, is fighting both his own and Buchanan's battle*—if he be not elected, *his running will tend to defeat Fremont and favor Buchanan*.—Were Mr. F. to withdraw the Pathfinder would certainly carry both New York and Pennsylvania, and, of course 'run down the old Buck'—and, to say the least, it is bad policy, (as well as injustice and ingratitude to a patriot statesman,) to level the artillery and fire of democracy against Mr. Fillmore, in so offensive a way. *Ex-Gov. Pingl, of Virginia, whose very pleasant acquaintance I made night before last, expressed to me the opinion that Buchanan and Fillmore ought and* WOULD HAVE *to unite, or combine, in order to throw Fremont out of the game.*

CHOP.—About the most frigid operation that we have noticed of late, is the bill introduced, yesterday, in the Senate, to pay Coles Bashford and his counsel certain sums of money. It is simply an act appropriating money from the State Treasury to pay Bashford his expenses, in his law suit with Gov. Barstow last winter, in the way of counsel fees and other incidentals.—*Madison Argus*.

Inasmuch as no one expects the *Argus*, which was the organ and defender of Gov. Barstow, and of the state officers who perpetrated the frauds which made Gov. Bashford's suit necessary, it cannot be expected to be pleased at the passage of such a bill. And yet there is no principle better settled than that if the agents of an individual or corporation do wrong, the principal is responsible. As agents of the State, the canvassers put Gov. Bashford to heavy expense to obtain his rights. It is a pity that the expenses could not be collected of them individually.

SALE OF THE "DEAN RICHMOND" AND CARGO —The owners of this fine vessel have made a handsome operation out of the first voyage from the upper lakes direct to Liverpool. Mr. HILL, of this city, who shipped the wheat, has received advices of the sale of the cargo at an advance of 68c per bus over its cost in Liverpool, and of the vessel at $27,000. The latter cost $19,000. This is a profit of $8,500 on the vessel, and $9,520 on the cargo. That will do.

☞ The Manitowoc *Herald* adds itself to the long list of utterers of base coin, who copy by the column the foolish statement of one Cook, of New York, concerning an interview with Col. Fremont. The *Herald knows* perfectly well, that Cook's statement has been emphatically contradicted, under oath, by *four* persons who were present at the time of the alleged conversation.

NOBLY DONE.—The Ladies Kansas Aid Society of Janesville has collected the sum of $7-4,50 in aid of the free state settlers in Kansas, and there is more yet to be acknowledged. Every dollar that can be raised is wanted to place the people, who have been driven from their homes and farms, in a condition to stand the winter soon coming on.

BALTIMORE CITY ELECTION.—The city election in Baltimore has resulted in a disastrous defeat to the Buchaniers. The Americans elect their Mayor by 1554 majority, and carry the Common Council. The result indicates that MARYLAND is lost to Buchanan. FLORIDA and KENTUCKY ditto.

BANKS AND HECKER.—Speaker BANKS and FREDERICK HECKER are to address the People of Chicago on Saturday evening next. Will not the Executive Committee of our Fremont Club endeavor to procure for us also the pleasure of hearing these eloquent champions of the good cause?

☞ Hon. Luke Pryor, of Alabama, who was the Know Nothing candidate for the United States Senate, and was appointed a Fillmore elector, has followed the treacherous course of all the Southern Americans, and declared publicly for Buchanan.

Correspondence of the Sentinel.

Letter from Ex-State Prison Commissioner Sharks.

FREMONT, SAUK CO., WIS. }
September 22, '56. }

To the Editors of the Mil. Sentinel:

GENTLEMEN:—In your Weekly of the 17th ult., I find a communication signed "Cromwell Leith," in answer to one previously written by Commissioner McGarry, published in the "Morning News;" and, inasmuch as Laith in his communication, has thought proper, (by implication at least), to charge me with neglect of duty, and sacrificing the interests of the State, while I was Commissioner, I trust you will grant me the privilege of replying through the same channel.

In speaking of what he calls Mr. McGarry's "dishonest transactions," Laith says: "Before Mr. Starks' term of office expired, he advertised for proposals to furnish the Prison with stone, lime and sand; and that Mr. S. Amadon was a bidder to furnish sand, and that I declared that by the term of his bid he was entitled to the contract; and that subsequently he called several times at the office, by my appointment, to perfect the contract, but I put him off. I was not ready; I had but little to say about the matter, and that it was evident that McGarry was the real Commissioner, and not me, &c., &c."

Now, Messrs. Editors, I do not know what may have been the sins of Omission or Commission of Mr. Starks' while he has been Commissioner—but I do know that while he was Deputy Warden he did not interfere in the least to prevent me from giving the Sand Contract to Mr. Amadon; and he (Amadon) would surely have got the contract if I had remained at the Prison. He had furnished the Prison with sand the last year of my term of office, and I thought highly of him as a business man and a man of integrity. But knowing as I did that the sand, rough stone and lime would not be wanted at the Prison until the next season, and not then, unless the Legislature made an appropriation to defray the expense of constructing the main building—I thought the interests of the State and of those who proposed to furnish stone, lime, sand, &c., would be best consulted by deferring the matter until it was known what the Legislature would do, and I told Mr. Amadon so, and he seemed to agree with me.

Another reason why I did not perfect the contract was, I could not, at that time, with the cares and duties of my station crowding upon me, find time to write the contract.

The above, Messrs. Editors, are the true reasons why the contracts for rough stone, lime and sand, were not completed by me, and I have no doubt they will prove satisfactory to all but my *old friend Laith*, who knows as well as any one that it was *a man's* work to do what devolved on me at the Prison; and had he attended to his duties of Tavern-Keeper, and worked as hard as I did when Commissioner, he would not have been as fat and lazy as he was when I left Waupun, and he would have given better satisfaction to the traveling public. Please insert the above and oblige

Yours respectfully, &c,
A. W. STARKS.

The Connecticut Town Elections.

Some of our Buchanan presses, relying upon the fusion which their partizans in Connecticut had made with the Fillmore Know Nothings, and hearing of their success in several towns, have set up a grand shout over a "Buchanan victory in Connecticut." We commend to them, and to our readers, the following from the New Haven *Journal* of the 9th, by which it will be seen that the Fremont men have swept the State, and that the indications for the November contest are bright for our side, despite the coalition of Know Nothings and Democracy;

The *Journal* says:

"We have returns from 121 towns which held their elections on Monday. They stand 69 for Fremont, 47 for Buchanan, and 4 divided. Fremont gai is 25 towns and Buchanan 12—showing a net Fremont gain of 13 towns over last year, when the result was strongly against the administration. But the most noticeable thing is the heavy majorities piled up for Fremont over in doubtful towns, and the meagre majorities of the locos, who, through their State Committee, had privately secreted to surplice the Fremonters and sweep the State. For instance, the following towns went for the locos last year, and now pile up the majorities named: Norwich, 300; London, 150 to 300; Colchester, 58; Orange, 80; Eastford, 26; West Hartford, 53; Clinton, 64; Simsbury, 35; Enfield, 73; Stafford, 100; Bethel, 15 over Buchanan and Fillmore, and so through the State; while the Buchaneers gave their towns by reduced majorities—for instance, 60 in Middletown, 1 in Southington, 1 in Mansfield, 7 in South Lyme, 11 in Hamden, about 20 in Wallingford, etc. The vote has been a very large one indeed for the local elections, and the result shows that the state is sure for Fremont. The Buchaneers united with the Fillmoreers in every town, so far as we have heard, but except in Waterbury, it made no perceptible difference against Fremont."

The Reply of the Investigating Committee.

This document has been sent into the Legislature, and is said to be a very able and severe document. The Madison *Journal* says of it:

We shall publish, within a day or two, the reply of the Committee appointed to investigate the affairs of the Treasury and School Land Office to the attempted defence by Messrs. Smith and Gray, late school land commissioners. It was reported by Judge Potter in the Assembly yesterday, and exposes the falsehoods and misstatements of the Commissioners, in a clear and forcible manner.—It is signed by Messrs. Taylor, Worthington and Smith, of the Senate, and Potter and Burchard of the Assembly. Of the other members of the Committee, Grenlich and H. H. Gay *refused either to aid or hear the document read*, and declined going it, not on the ground that it is not strictly just and true, but from an evident fear of creating doubts as to their orthodoxy as Democrats. Geo. B Smith is chairman of the Democratic Central Committee, a member of the Buchanan National Committee, and consequently controls the party in this State. Hence, doubtless, the course of Messrs. Grenlich and Gray.—Mr. Hull examined and endorsed the truth of statements in the reply, but probably withheld his signature for a similar reason.

Which will the Laborers Choose?

FREMONISM.

"FREE LABOR—THE NATURAL CAPITAL WHICH CONSTITUTES THE REAL WEALTH OF THIS GREAT COUNTRY, AND CREATES THAT INTELLIGENT POWER IN THE MASSES ALONE TO BE RELIED ON AS THE BULWARK OF FREE INSTITUTIONS."—JOHN C. FREMONT'S *Letter of Acceptance*.

BUCHANANISM.

"Make the laboring man the slave of one man instead of the slave of society, and he would be far better off." "Two hundred years of Liberty have made white laborers a pauper banditti.—Free society has failed, and that which is not free must be substituted."

"Free society is a monstrous abortion, and slavery the healthy, beautiful and natural being which they are trying unconsciously to adopt."—"The slaves are governed far better than the free laborers of the North are governed. Our negroes are not only better off as to physical comfort than free laborers, but their *moral* condition is better."—*Richmond Enquirer*.

Freemen of Wisconsin, which of these do you choose? The alternative is presented to you in the coming election.

RIVER VERY LOW.—The last Green Bay *Advocate* says:

"The river remains low—lower than we have ever known it since our residence in Wisconsin. In the vicinity of Little Kaukauna and Wrights, the river is narrowed to half its usual width, and looks as though a horse and buggy might easily ford it. Of course no boats are running, and passengers go by stage between here and Menasha. The river boats are laid up, and there is little prospect of their coming into use this season.

Since the above was written, we learn that the river is rising very rapidly, and that there is a fair prospect of boats getting up the river soon.

CONNECTICUT TOWN ELECTIONS.—Out of 126 towns heard from the Republicans carry 75 over the combined Buchaniers and Know Nothing forces. CONNECTICUT, like every other New England State, is sure for *Freedom* and *Fremont*.

WISCONSIN MEN IN PRISON IN KANSAS.—Among about a hundred Free State men, held in prison in Kansas, by the Pro-Slavery Federal authorities, charged with *murder*, their only crime being defending themselves against the Border Ruffians, are the following from Wisconsin:

R. D. Nichols, Jefferson County; Robt. M. Nown, Racine County; C. S. Gleason, Albany; Wm. Florentine, E. Jenkins, Spring Prairie.

The Latest From Kansas.

The pretended organization of the Territorial Militia by Gov. Geary, is only the old story of Gov. Shannon calling the vagabonds to his aid. Of the five hundred who have been added to the regular U. S. forces, probably not a dozen were citizens of the Territory, but the loose vagabonds from South Carolina, Georgia, Alabama and Missouri, who had been active in creating disturbances in the Territory. Col. Titus, formerly a filibuster in Nicaragua, and whose chief business in Kansas has been to keep up a pugilistic row upon the people, has been placed at the head of a portion of this so-called militia by Gov. Geary, and the prisoners recently captured are under his charge, subject to all sorts of ruffian insults and indignities.

The character of this Col. Titus is pretty well illustrated by the fact of his swearing positively to the ownership of one of the horses taken from the hundred prisoners, when it was well known to several persons that the horse was purchased only a few weeks since in Iowa by an emigrant, and Titus had never seen the animal until he and his robber companions made a division of the spoils by false swearing.

Judge Smith, one of the prisoners charged with constructive treason, who were released a few weeks since on bail, came down on the Post Boy, on his way to Pennsylvania, where he will take the stump for Fremont. He formerly resided in Butler County, where, and in the neighboring counties, he will no doubt do good service in overthrowing the party at whose hands the people of Kansas have so severely suffered. He is said to be a very effective speaker.

We learn that some five or six hundred Free State settlers have left the Territory within the last few weeks, and others are leaving from day to day, their means of living being exhausted by the plunder and destruction of their enemies, and the impossibility of attending to business while the war was in progress. The entire property of many of them has been swept away—their cattle and horses have been stolen, their growing crops trampled down, and their dwellings burned. But they are not disheartened.—Nearly all of those who have left and are leaving mean to return to their business and their claims. The general feeling among the settlers is, that if Buchanan is elected, Kansas is doomed to be a slave State; while if Fremont is elected it is equally sure to be a Free State, for then the great majority of the people in favor of making it so will be protected in the exercise of their rights as American citizens. This is doubtless a correct view of the case.

Fox Lake and Surrounding Country Ahead.

From careful enquiry we have ascertained that during the past month, there were fifteen threshing machines in operation within the small circuit of fifteen miles around Fox Lake; and that on Grand Prairie there were about twenty machines in operation, and at many more on the western part of Portage Prairie—making fifty-five machines at work in a section of country, the whole of which centres with its business at Fox Lake. Each machine is capable of threshing on an average, 1000 bushels of wheat per day. The whole number would, allowing one-fourth of the time for bad weather, etc., thresh over 500,000 bushels of wheat.

Our friends in Rock and Walworth counties, who have boasted so much about the superior productiveness of their soil, will doubtless be surprised at these figures; but if they entertain any doubts about the facts, let them glance at the census returns, and note, for instance, the increase of population in Dodge county, compared with that of Rock and Walworth. They will find the increase respectively for the past two years, as follows: Dodge, 32,000; Rock, 12,000; Walworth, only 9,000. These facts serve, in a measure, to explain the great success of the La Crosse & Milwaukee R. R.

Coming down to actual statistics, which we on record, we find Fox Lake backed up by the best farming district in the State.—*Fox Lake Journal.*

Fox Lake is the next station to be reached on the La Crosse and Milwaukee R. R., and the cars will doubtless be running to that point during the present week. The depot is about 11 miles from the present village, and the intervening land along the river has been laid out into good sized lots, affording convenient sites for business. As the surrounding country is thickly settled, highly cultivated and very productive, the Fox Lake station must form an important feeder to the trade and travel of the La Crosse Road.

Border Ruffianism at Home.

It does not seem to be enough, in the view of the Buchanan presses, that the free-state men in Kansas, should be robbed, imprisoned, murdered,—they must also be calumniated in the States from which they went! It would seem as if the pro-slavery presses of the North felt a degree of shame that Atchison and his gang should, poor fellows, be left to do all the hard work, and determined that they would open "a line in the rear." The *News* of this city, always ready for such work, fires its shot at the free state settlers, by characterizing them as—

"Such persons as no respectable man will to travel with or associate with. Men with no principles, except at the watch houses, with no scruples except in the penitentiaries; men who do not want to earn a living here, but who are willing to go where intestine broils and domestic difficulties invite those who wish to be where they can be outlaws and robbers without fear of punishment."

Also, as men, "one half of whom would be as likely to side with the border ruffians as not, while the remainder would be of little value to any one. Indeed they have proved themselves recreant to their promises already, vain boasters at the outset, lame soldiers at the outset, who surrend red their arms at once. Some of them, it is true, have committed outrages, but it was when they far outnumbered their opponents, and their outrages have been of no avail to the cause of the free state men, and will be of none."

We do not propose to enter upon any defence of the free state settlers from these calumnies.—They do not need it. We only notice them to show the spirit of the Border Ruffian press.

How Col. Forney, Mr. Buchanan's Right Hand Man, Talks.

Col. Forney, the especial organist of Mr. Buchanan, made a speech on the 20th ult., at Reading, Pa., in which he used an argument that excited much surprise, even among the most ultra democrats. A correspondent says that he urged that—

"To hope by the election of Fremont to make Kansas a free State, was idle, and a vain expectation; for, said he, if such a thing were attempted by Fremont, Kansas would be made a battle ground, and the South would bring all their forces to oppose the attempt to make Kansas a free State. *The South*, he said, *would wade knee deep in blood in Kansas, and would ride in blood up to their horses' bellies, rather than submit to lose Kansas for a Slave State.* Ergo, said he, (and this was the burden and chorus of his song,) vote for Buchanan, if you love the Union and wish to preserve it. Vote for Buchanan, *if you wish to prevent the effusion of blood.*"

What an argument that is to address to a free, brave people, who are about to contest a principle at the ballot-box! Who is frightened by such stuff and fustian? Pennsylvania answers *to-day*.

THE BLACK CODE OF KANSAS.—The following summary shows in a brief compass the barbarous and atrocious character of the statutes made by the invaders of Kansas, and to the enforcement of which the Buchanan party is committed:

Imposing penalty of death for assisting slaves to escape.

Imposing penalty of death for printing or circulating publications calculated to incite slaves to insurrection.

Imposing penalty of death for assisting slaves to escape from any State and take refuge in the Territory.

Imposing penalty of five years' imprisonment at hard labor for harboring fugitive slaves.

Imposing penalty of two years' imprisonment for aiding a fugitive slave to escape from the custody of an officer.

Imposing a penalty of five years imprisonment for saying that persons have not a right to hold slaves in the territory.

Disqualifying all from sitting as jurors who do not admit the right to hold slaves in the territory.

Disqualifying all as voters ☞ *who do not swear to support the fugitive slave law.*

Admitting any one to vote on payment of $1, no matter where resident, who will swear to uphold the fugitive slave law and Nebraska bill.

WHAT SPRINGFELLOW SAYS ABOUT IT.—Springfellow's *Squatter Sovereign* says:

"We are determined to repel this Northern invasion, and make Kansas a Slave State, though our rivers should be colored with the victims, and the carcasses of dead abolitionists should be so numerous to the Territory, as to breed disease and sickness, we will not be deterred in our purpose. Let those who desire *graves* in Kansas, engage in this unholy and unjust war against the extension of our beloved institution that is now being waged against the South by the fanatics of the North."

The Enraged Planter,

AND HOW HE DID NOT CUT THE ROPE.

A few years ago Captain B., of Provincetown, Cape Cod, Massachusetts, loaded his snug little schooner "Polly Ann" with shingles at Gardiner, on the Kennebec, Maine, and sailed with the morning tide for Charleston, South Carolina, where in the course of time, he arrived safely and disposed of his freight to a good advantage to the inhabitants of that city.

He now for return freight, took in a load of cotton for the Lowell mills, and with one passenger, a fair wind, and a jolly, fun loving crew, sailed for Boston.

On the third day out, the crew heard an unearthly, soul-harrowing, agonizing howl, or groan proceed from the hold—and though somewhat the victims of superstition, as most sailors are, their humanity got the better of their fears, and they at once opened the hatchway and brought to light and fresh air a stalwart, though half-suffocated and starved negro, who had there secretly stowed himself, hoping thereby to obtain a free passage to freedom.

As the negro was brought upon deck, the single passenger—a wealthy planter, residing near Charleston—was enjoying his after dinner cigar, and recognizing the object being before him as the slave he had run off from, exclaimed, in passionate and authoritative tones—

"Jake, you infernal rascal! ain't you Joe Brown's nigger?"

"Well, I was his nigger, massa," replied the trembling colored man; "but day afore I left Charleston Massa Brown sells my wife and chile to de slave trader, who takes 'em to de sugar fields, and Massa Brown knocks me down with a club and kicks me, kase I cries so dat I couldn't work. So I jes hides myself in de cotton, down in de ship, so I might go North where I would not be any more whipped for having a sour."

The pitiful tone of sarcasm in the closing sentence aroused the indignation of the planter, and he attempted to kick the poor negro for his impudence; but the good hearted though Hercelean mate interfered, with the suggestion that there never had been any dogging on board the "Polly Ann," and, without the Captain's positive order, nothing of the kind could for a moment be thought of.

Proceeding at once to the cabin, the planter thus gave vent to his feelings to the good-natured and imperturbable captain:

Captain B., d—n your eyes! A runaway negro has not been discovered aboard your vessel, and I demand in the name of the Constitution and Southern rights, that you immediately 'bout ship and return to Charleston."

The Captain coolly and deliberately took from his mouth the half-smoked Havana, gazed at his excited passenger through the gray curling cloud of smoke constantly floating above the cabin, and replied—

"You are unduly excited, my dear boy, let us talk this matter over."

"I *will* talk the matter over, exclaimed the planter; "I only ask for the rights of the South, and those rights I *will* have."

"But, says the captain, "we are now three days out at sea; and isn't it best for us to discuss this subject a little before deciding to lose six days sail, a fair wind, and our self-respect, by the chance of gratifying your selfish ambition to rule and command wherever you are, and to return a poor unfortunate black man to a life-bondage of cruelty and oppression?"

Partly thunder-struck at the captain's coolness and audacity to speak of Southern "chivalry" as a "selfish ambition," the planter sprang to his feet, seized a pistol in one hand and a bowie-knife in the other, stalked to and fro the little cabin a number of times, and suddenly stopping in front of the captain,—who had resumed his smoking,—exclaimed, in thunder tones—

"Sir!"

"Did you wish to resume the discussion about the Negro?" inquired the captain, offering his passenger a cigar, and pointing to the unoccupied chair.

"This is no discussion, sir!" exclaimed the planter. "I come not here to discuss, but to demand Southern Rights, and by all the powers of Heaven and Hell, I'll have those rights, or ——I am done with you forever."

"Let us discuss those rights first," replied Captain B; "for you are at present a little excited, I think Sir."

"Do 'a brother me!" screamed the infuriated passenger; "I am no brother to no man who will not give me my rights without discussion; and I now give you fair warning that unless you 'bout ship and start for Charleston within eighteen hours from this time, you shall be debarred from my friendship, co-operation and society in this vessel."

Having thus delivered himself of his overcharged eloquence and spirit, the planter retired to the quarter-deck to devise means for a discussion with the Yankee captain.

The next morning at the break of day, on coming on deck the captain was not a little surprised and amused on noticing that the planter had tied himself to the yard at the stern of the schooner, and, by the aid of the tackling rope had lowered her to the water's edge, and was now being drawn along by the rope—some thirty feet in length—fastened to the schooner's tiller.

On seeing the captain, the planter suddenly rose from his recumbent position, sprang to the bow of the tottering little yawl—for the sea was now heavy and dangerous for small craft,—threw from it his bosom bowie-knife, and exclaimed—

"I wants but one blow of this shining steel to sever forever the cord that now binds us!—Say the word you will accept of my proposition peaceably, and the blow shall not be given; but unless you at once refrain your offensive remarks and promise me under oath that I shall not again be questioned in my desires on board this vessel the final blow shall be given—a final dissolution effected, and the fearful consequence, with a life forever, shall rest upon your head.—Speak the word quickly, Captain B., or the knife falls!"

The captain deliberately seated himself on a hen-coop, lighted a cigar, and commenced making as remonstrical calculations for the day—and when the bell rang for breakfast—the sea meanwhile increasing with the wind—the passenger begged like a beggar for assistance to haul the yawl in, like an honest reputation, he had found it much easier to lower than to raise.

Being an exceedingly timid man ourself, it has always seemed strange to us that the captain did not at once make the required pledges,—but there are those who see in the captain, "Uncle Sam," and in the planter, a State that talks and of "dissolution," and these men declare that the planter never for a moment intended to cut the rope, and that the "Polly Ann" would not have sunk if he had.—*Dodge's Musical Harp*

Kansas Correspondence.

ARRIVAL OF EMIGRANTS.

A letter from Lawrence, dated Sept. 28th, after recounting certain events in the history of the Administration of Governor Geary, with which our readers are now already familiar, thus sums up:

"With these few facts before your readers, it surely cannot be hard for them to draw their own inferences as to the correct position of Governor Geary. For my own part I believe he is vain of the reputation he has gained in other fields, and is extremely anxious to add to it here. This he cannot do, so long as he attempts to carry Pierce, Davis and Buchanan on his back, as their sins are heavy enough to weigh down the best reputation in the world. I believe that if left to his own lights he would decide in favor of Freedom, and against the Ruffians. I also think that he intends to conciliate all parties; but he will find that the question is Freedom or Slavery, that these are antagonisms deeply fixed in the hearts of the people, and that they cannot be conciliated—one of them must forever prevail. Gov. Geary's conduct cannot affect this question,—it must be decided by the Freemen at the North, in November. His conduct only concerns us, inasmuch as it relates to the equal justice we expect in his hands.

Last week a road was opened to Leavenworth, and about twenty teams, under escort of a company of dragoons, went with them. Mr. Phillips, the correspondent of the New York *Tribune* arrived here on Friday last. He has been in Hoss's superintending the publication of his book on Kansas. The same day Mr. Redpath, the special correspondent of the Chicago Tribune arrived at Topeka. He had with him a train of emigrants, and all were in good health and spirits.

They were divided into five companies, as follows

1st. Dr. Robinson, of Boston, Mass., Capt.—This company numbered twenty-five men, and it was with this company that Mr. Redpath came from Mt. Pleasant, Ia. The men are from Vermont, Illinois and Iowa.

2d Capt. Tucker, of Topeka; 30 men—chiefly Maine lumbermen.

3d Capt. Mitchell, of Boston; 35 men, chiefly from Mass.

4th. S. N. Tappan, of Lawrence, Capt., 20 men from the Western States.

5th. Capt. Graham, of Quincy, Ill., 38 men from Illinois, and some of them refugees from Kansas.

They had in the train 128 women and children.

Their stores were drawn by thirty teams, oxen horses and mules.

They bought 130 or 140 sacks of flour, in addition to what was given to the train to sustain them for a few weeks.

The settlers, I understand, have gone to work locating towns and claims, and if peace should come now they will 'make their mark' upon Kansas, as they would in time of war upon her invaders in arms; for red $1,65 on board was offered.

Corn—8,000 bus sold at 83½c on board; 5,000 bus at 86c on board, and 3,000 bus at 87½c afloat.

Barley—Last sales were 1,000 bus and 180 bus at $1,30 ₩ bu.

The following ode for the occasion, by James T. Fields, Esq., of Boston, was sung at the recent inauguration of the Franklin statue in that city:

Give welcome to his sculptured form!
Art's splendid triumph here is won;
Thus let him stand, in light and storm,
Our sea girt city's greatest son.

His lineage sprung from honest Toil,
Sweet labor trained his youthful hand;
High with the brave who freed our soil—
Where first he breathed let FRANKLIN stand.

His genius stamped the Press with power;
His silence curbed the fiery shower;
His wisdom stood with Peace and Law.

To a world his story long has shrined
To Fame his spotless deeds belong—
His home, Truth, his ample Mind,
His Saxon hate of human Wrong.

Room for the gray-haired patriot-sage!
For here his genial life began;
Thus let him stand from age to age,
And prompt new Thought ennobling Man.

POLICE COURT, OCTOBER 13.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

William Collins, drunk, fined $1 and $2 costs.
Jacob Johnson, drunk, fined $1 and $2 costs.
Wm Vogt, drunk, fined $1 and $2 costs.
Henry Hagarty, Jasper Hansen, Francis Muldorf, and Asbon Kane were each fined $5 and costs.
Patrick McCormick, drunk, fined $1 and $2,50 costs, in default of payment, sent to jail 5 days.
Jerry Whitehead, drunk, fined $1.
Patrick Gilmore, a vagrant, discharged to the Poor House.
Joseph Cady, charged with assault and battery, discharged for want of prosecution.

BURGLARY AND LARCENY IN A DWELLING HOUSE.—Charles Gibney was examined on a charge of breaking into a dwelling house and stealing a silver watch &c., on Oneida street, several weeks since, and committed for trial at the Circuit Court.

CIRCUIT COURT, OCT. 13.

JUDGE RANDALL PRESIDING.

The case of the State vs. William Wilson, on a charge of arson, occupied the Court the whole day, and will probably take all day to-day to end it.

COMMON COUNCIL MEETING LAST EVENING.—Petition of Paul Wolf, presented and referred to Bridge Committee and City Attorney.

The petition asks for $200 damages, claimed to have been sustained by the petitioner by falling into the river, in consequence of Chestnut street bridge having been left open one dark night.

Report of Chief of Police, for the month of September, showing that during that month 376 arrests were made by the Police, or *more than nine each day.* Also a notice that the Chief Police had taken possession of certain articles belonging to the Sack Company.

Resolution passed for the issuing of $8,000 to the contractor of the Straight Cut. Accompanying the Resolution was the estimate of the City Engineer of work done and not paid for: rounding to Joyce.

Resolution passed approving the plats of Peter Fourtner, and that on to Milwaukee—plats to be recorded.

ATTEMPTED SUICIDE IN THE WATCH HOUSE.—A man named Wm. Collins, who was arrested and confined in the Watch House on Saturday night, and placed in a cell, attempted to hang himself with his handkerchief, Policeman Conner cut the handkerchief, which was fastened to the bar of the cell door, and by'r rowing water on the face of the man, brought him to; a few seconds more and Collins would have been dead.

A LOUD SOUNDING GONG.—We saw yesterday, at the house of Engine Company No. 4, a very fine gong, which is to be mounted on the Engine-house and used for giving alarms. Its tone is clear and ringing and the note, when struck, continues to sound for some two minutes.

TO INSURERS.—The attention of insurers is invited to the card, in the morning's paper, from Mr. J. W. CRARY, who has an agency in this city for one of the suspended N. Y. Insurance Companies. Mr. CRARY satisfactorily explains his connection with the Company and makes a very fair offer, to all who hold policies in it, to give them new policies, in a sound company, without additional charge.

WIND AND DUST.—We had an abundance of both these commodities yesterday. The wind blew almost a gale from the North-East and drove the dust in blinding and suffocating clouds, through the streets. A drenching rain would be most welcome.

NORTH-EAST GALE.—The wind blew freshly from the North-East, all day yesterday, and at nightfall had increased to a gale. There was a very heavy sea on, outside, and immense rollers came tumbling into the Bay. It would have been "dusty traveling" on the Lake last night.

ECLIPSE OF THE MOON.—There was a partial eclipse of the moon last evening, and, in the intervals of the flying scud, Luna could be seen with a black patch on her bright face.

THE ERIE RAILROAD TROUBLES.—The passenger trains upon the New York and Erie Road have run about the same during the past two days as they did the preceding two or three days. They all start regularly from Jersey City, except the 4 P. M. train to Paterson and the 9½ o'clock P. M. emigrant trains, which have not been been resumed. The trains which arrive are irregular, and considerably behind time. Within two or three days past several freight trains have left Piermont. There seems to be less than half the usual passenger business done. The Company is not very successful in getting new engineers.—*New York Tribune, 14th.* oct14d1

W. LAIDLAW'S LAND AGENCY,

Office 230 East Water Street,

(TWO DOORS SOUTH OF THE WALKER HOUSE.)

FOR SALE,

A Farm that is a Farm.

THIS FARM is situated in the handsomest position of our fair State, within a short distance of a Railroad depot, bordering on a small lake of the purest water, with both good and beautiful shores, some mile and a half in length and three fourths of a mile in width. The owner, on account of ill health is compelled to give up the farming business, and will therefore give any man who has the means, a chance to purchase a privately farm on easy and reasonable terms and at a great bargain.—Said farm contains 320 acres, whereof abt ut 220 are cultivated, 80 acres meadows and the balance fine heavy oak timber. The acres of wheat were raised on the farm this year and yielded 25 bushels per acre, which is all that is necessary to say in reference to the quality of the soil, and as regards dwelling—dwelling, barns, sheep and cattle sheds, &c. &c., they are all that can be desired on such a farm, the orchard is very large and contains almost every description of fruits, and there are 7 miles of fences on said farm.

This is undoubtedly the best chance offered in the State to procure a splendid farm. For further particulars of which, apply to the sole agent.

A NEW ARTICLE OF

MERCHANDIZE.

HAVING commenced the manufacture of Solid Tubing with Wycko's Patent Tubing Machine, at Rich's Mills, in Racine, Wis., and having made extensive scantling, the undersigned will fill all orders from Merchants, Lumber Dealers, and Farmers, for water conductors, water pipes, and underground feeders from fountains, spring and artesian wells; also, tubing for chains, rotary, and other kinds of pumps; made in sections eight feet long, with jointed ends, both air and water tight. This article is far superior to either lead or iron, free from rust and poisonous oxydes. Hardware Merchants and Lumber Dealers are rapidly furnishing themselves with this saleable kind of tubing. As one machine, and one man and a boy can manufacture 2,000 feet per day, I can furnish the solid tubing at about the same rates as the old kind of spliced tubing.

I own the Right for

Chestnut St., Philada.

TAKES GREAT PLEASURE in informing the fash onable and dressy community, his friends and the public generally that in future he may be found at the long established House of

MAGIE & SWAIN,

198 East Water Street,

Where he would be happy to see them, and feels confident that with the great advantages he has in his well known establishment that he will merit and receive a continuance of their favors and patronage.

He has recently returned from New York and Philadelphia, where he has taken great pains to become fully posted in the latest styles of cutting and fitting garments, and having re ented one of the first class mechanics connected with the establishment, he feels assured that he can, this Fall and Winter, produce as fashionably cut, well trimmed and perfectly fitting garments as can be furnished by any of the

Eastern or Parisian Houses.

He will be able to exhibit the New York, Philadelphia Fashion Plates, and also the elegant French Report, "Journal des Tailleurs," one month in advance of any house in Milwaukee.

He will always take great pleasure in adapting goods and styles to the taste and occupation of the wearer, and flatters himself that from his experience and observation of the wants and taste of this community, he can always succeed in giving satisfaction.

MAGIE & SWAIN receive semi annually, two entire suits from the most fashionable Tailoring establishment in Paris, which will give my customers advantages not to be found at any other house in the West.

TO BRIDGE BUILDERS.
THE LaCrosse & Milwaukee Railroad Co invite proposals with plans and specifications, until Wednesday the 20th of October next for building a bridge over the Wisconsin river on the line of their road. This road extends in a northwesterly direction across the State, from Milwaukee, on Lake Michigan, to LaCrosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs 80 to 100 feet high above the river. The river at this point is at the grade of the line of the road, and about 400 feet apart. The water is about 20 feet deep, having in the middle of the stream, a low reef of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 8 feet deep, of rubble stone with a cut stone rock bottom, giving a span in the clear of 300 feet. The abutments at the banks are resting upon the natural rock as foundations. It is desirable to construct the bridge so as to allow a wagon way between the rock piers at the bank, passing the water over the high rock reef of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any bidder on any plan furnished by any of the parties, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted
